The most original hat shop in town

Opens Its Door To-Morrow

CHIC—new—wonderfully modish hats in charming profusion—mark the opening of our new shop to-morrow.

Fashion's most ardent devotees will appreciate the brilliant versatility of our Easter showing—the authoritative distinction with which all the new style tendencies are delineated.

Every hat is an exquisite creation.

Fashion's mandates are always followed—often anticipated—occasionally first conceived in this spacious—yet dainty—super-shop.

Fifth Avenue, with its inimitable atmosphere, can point to no more typical exponent of its distinction.

La Galerie Antoinette

We're going to reserve the mezzanine for the exclusive presentation of our very choicest creations. We call it *La Galerie Antoinette*, and we've fitted it up in old rose as an inner shrine to Fashion. (*Galerie Antoinette* hats will be specially labeled as such.)

The New York "insiders"—the real leaders of style—will find in it a congenial atmosphere that will inspire them to come often.

New styles on view every week the year 'round.

Are Your Dishes washed the *Easy* way?

With the HOME HELPS DISH WASHER

Without using a dishpan, yet washed clean.

Hot water and soap suds flow out of the brush itself. Each article is scrubbed clean with fresh soap suds. No two dishes are washed in the same water, and less hot water is used than is required by the old-fashioned unsanitary dishpan, with its dirty, greasy dish water that ruins your hands—

Without soiling your hands, yet cleaned thoroughly

and the velvety feeling of your hands is preserved. Your china is first scrubbed clean and then rinsed clean with fresh, clear rinsing water, by just pressing the button in the handle. Glassware, silver and even kitchen pots and pans are easily washed. Then they dry in the dish dryer.

Without using a drying towel—yet you get a brilliant, shiny lustre impossible to obtain in any other way.

No dishpan used. No towel required. Your time saved. Your hands preserved. No cleaning required. It cleans itself with its own soap suds.

Helps Solve Servant Problem

Simple, sanitary, inexpensive, does better work than a complicated device costing ten times as much. \$5 complete. Includes everything.
